

A tall, precarious stack of light-colored wooden blocks is balanced on a white globe. The globe is set against a dark blue background. The stack of blocks is the central focus, with some blocks protruding from the sides, creating a sense of instability. The lighting is dramatic, highlighting the texture of the wood and the curvature of the globe.

Miles Smith

Construction Insurance Solutions

Building on a solid foundation

Miles Smith Insurance Brokers

Miles Smith are independent Lloyd's insurance brokers based in the City of London. Established in 1925, we have focused on developing our expertise in insurance services for commerce and industry and have particular experience in arranging customised cover for high risk industries.

As a registered Lloyd's insurance brokers – one of fewer than 200 – we enjoy direct access to underwriters based in the London Market, where business is still done face to face and personal relationships are crucial. We currently look after over 15,000 clients, placing over £100 million in insurance premiums each year.

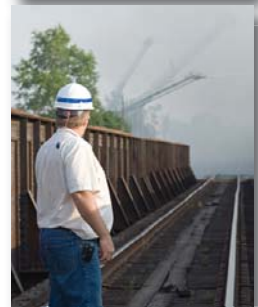

We are, of course, authorised and regulated by the Financial Services Authority. Our own quality procedures ensure that we maintain our ISO9001:2000 and ISO27001:2005 registration, and our Investors in People accreditation is a mark of our commitment to training and developing the expertise of our staff.

All our insurer partners have a minimum security rating of 'A' and therefore does not leave our clients placing their policies with insurers not accepted by the major UK construction clients and main contractors.

Building Services Insurance solutions

We at Miles Smith have been providing Insurance solutions for a great variety of Building Service Trades for many years, so we believe we know your business.

From civil engineering to finishing trades, demolition and developers to name a few, we provide comprehensive and versatile insurance cover solutions, tailored to specific needs, that won't expose your company to the possible risks that could occur when buying 'off the shelf' policies.

Insurance schemes provided by Miles Smith offer valuable additions to established insurance packages, with flexibility to deliver policies that meet specific criteria. In respect of our Waste and Recycling scheme, the coverages and indemnity limits are market leaders in that sector.

If you work in the construction industry, there are a variety of risks to your business. We can offer you insurance solutions that covers against many of these risks, including immediate cover and limits of up to £50,000,000 on all areas of your business.

Our range of cover includes policies for:

- Employers' Liability
- Public/Products Liability
- Environmental Impairment Liability
- Contractors All Risks (Annual or Project Specific)
- Engineering All Risks
- Property
- Motor Fleet
- Professional Indemnity
- Directors and Officers (including liability for corporate manslaughter)
- Performance Bonds
- Non-negligence insurance

For further information, please contact a member of our Construction team on **020 7283 0040** or email construction@milessmith.co.uk
