

A nighttime photograph of a city street. In the foreground, the rear of a police car is visible, with 'POLICE' written on the back. In the middle ground, a yellow ambulance is driving away, its lights blurred. The street is lined with buildings, some of which are illuminated. A large, decorative light fixture with many small blue lights is visible in the background. The overall scene is dark, with the primary light sources being the streetlights and the vehicle lights.

## Miles Smith Insurance Brokers

Miles Smith are independent Lloyd's insurance brokers based in the City of London. Established in 1925, we have focused on developing our expertise in insurance services for commerce and industry and have particular experience in arranging customised cover for high risk industries.

As a registered Lloyd's insurance brokers - one of fewer than 200 – we enjoy direct access to underwriters based in the London Market, where business is still done face to face and personal relationships are crucial. We currently look after over 15,000 clients, placing over £100 million in insurance premiums each year.

We are, of course, authorised and regulated by the Financial Services Authority. Our own quality procedures ensure that we maintain our ISO9001:2000 and ISO27001:2005 registration, and our Investors in People accreditation is a mark of our commitment to training and developing the expertise of our staff.

## Private Ambulance Scheme
