

Non Contractors

Specialist Non Contractors Insurance

Economies of scale and expertise are available to the benefit of regional brokers.

We at Miles Smith have been placing Non Contractors business into Lloyd's and London Market for over 30 years. We have some of the most respected brokers in the London Market, and our facilities and expertise are available to you to ensure your clients business is presented to the Market in a professional and advantageous manner.

Material Damage and Liability Covers are available for most risks. As you will appreciate, we are not in the market for standard risks that can be placed in the composite market at extremely competitive rates.

The London Market lends itself to placing difficult risks. We specialise in handling the difficult to place risk.

Fast growing companies and/or those with unfavourable claims histories, overseas exposures etc, are often let down by the composite market. The unique ability to broke directly to the decision makers allows a fast turnaround, and bespoke insurance solutions, including Claims Adjustable Policies, Health & Safety schemes, Risk Management and Long Term Partnerships with premium incentives on claims ratios.
